# WORDS *from the* WOLFE

Just before the end of the school year, we asked our departing students to fill out an exit survey on their experiences here at Stanstead College. We wanted to find out what they felt about their classes, residence life, the food and life at Stanstead in general.

I'm pleased to say that for the most part, the students' comments were positive and enthusiastic about their time here. As for the negative comments, well, someday I think you'll realize that the food wasn't as bad as you thought it was. When we broke down the positive comments, they ranked in this order: friends, sports, people and community, and boarding life.

Stanstead College is a university preparatory school, and I believe that we do a very good job preparing our students for life after high school. As I mentioned at Baccalaureate, one of our priorities is to challenge you in and out of class so that you're ready to face the rigours of the outside world. As the survey indicates, what you'll remember most are the people – your roommates, your teammates, your coaches and advisors, that friend you made from Germany or Mexico or Oman. You'll remember your Stanstead family, probably forever.

You'll likely learn to appreciate the education you received at Stanstead in a few years, maybe in many years – kind of like the food. But I know you won't forget your family. It's why our alumni come back to visit year after year and support the school in various ways so that others can have a similar experience.

We also support each other. When we lost our friend Ayk Saakyan this past year, we drew strength and courage from each other. It was a very difficult time. The school put in place structures to help people cope with the loss, but it was the people who helped us pull through. That's what a family does.

For those of you who have moved on, I sincerely hope that you will keep Stanstead in your hearts for many years to come. Your family here at the college welcomes you back any time. Good luck to all.

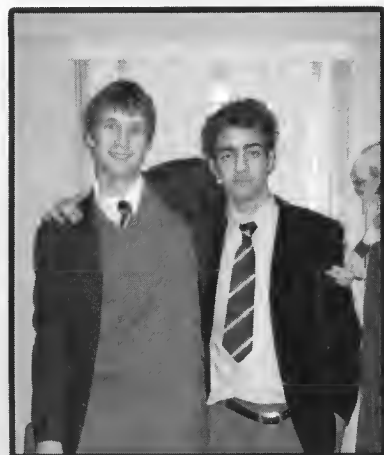

-- Michael Wolfe, Headmaster

The 2005-2006 Spectrum is dedicated to the memory of

# Ayk Saakyan

(1989-2006)

our classmate and friend who died in a tragic skiing accident  
on January 27, 2006.

*Ayk loved to laugh and to have fun and always wanted to live life to the fullest. He loved playing sports and had many friends who loved him and respected his unique personality. We do not understand why he was taken from this world at such a young age, and never will. However, we must celebrate the good times we had with Ayk and keep the fond memories we will always have of him alive in our hearts. We miss you, Ayk!*

*We, the members of the Stanstead College family,  
extend our most sincere condolences to Ayk's family.*

My one and only year at Stanstead College is already over and I have to admit, it went by so fast. First I would like to thank my parents for this nice opportunity they gave me; maybe you were right, it was a good decision. This year wouldn't have been the same if it wasn't for all the new friends I made and I respect them all for that. It all starts with my (too) sociable roommate Steph who introduced me to everything and was always late but there when I needed him. Thanks a lot Meier!!! Thibeault, Ronsse and Langlois can't wait for next year in Ontario for university of course. I also want to give a special mention to all of the following because without them I wouldn't have appreciated my year like I did. Bryan, Marty, Tommy, Joey (French classes!!!), PK&PC, Root (Danse pour moi), Berry, Steve, Alex (On prend tu notre week-end?), JC, Freddy (ti amo), Ainslie (Salut) you guys were awesome. Thanks Nelly for supporting me in calc, Cecile for being so nice with me and Jess and Danny for giving me that stupid nickname (Zebra). Finally, I wanna say a last good-bye to Bella cause you really made me enjoy the last months of school just by being by my side and making me smile everyday. Have fun next year and I hope I will see u again cause I am out of here ... I love you all!!!

# Paul Chiu

In the remaining days in Stantead, I'll lay back and recollect the valuable moments that defined my 6-year high school experience. I cannot thank enough the teachers who've been looking out for me. Mr. Simard, thanks for all the jokes, but having a bass to decorate your house doesn't mean you're a musician. Mr. Van Dyke, you truly are a renaissance man. Madame Roy, I really did enjoy playing in the band and the trip to NYC. Ms. Gittens, there's nothing more tranquilizing to my chaos than your voice and reading of poems. Thank you Mr. Hull for the support even though I lied about joining the rugby team. Eric, Jen, Jamie, May, JS and Chris, you have been the greatest, 6 years of friendship is something I'll never forget. It was an honour to participate in the club "dance pour moi" founded by Meir and Paul Kim. TG Kim, my beloved roommate, I can never get enough of your trash talking. And big love to the members of the night-less davis basement JS and Andrew, what a trip to Virginia, with all the slides, camping business, women (imaginary) and rejections, it couldn't be anymore perfect. At last, good luck to all the grads and wish you all a good life. Love to all, Paul C.

# Zouha Dalloul

My one and only year here at Stanstead has been a very different experience. I've had good times and great memories. I'll never forget the friendships I've made. Caysha I'll never forget all the gossip. Michelle you were always great company. I loved our Gilmore Girls Marathon! Good times! EJ I'm going to miss your honesty and your great advice. Cass I'll never forget our endless laughs and hilarious videos! Shinai roomie, you kept me laughing. Special thanks to all my teachers and my advisor, as for my whole family, the ones who were always supporting me I really appreciate it, Mom I loved always calling you, Layan I missed you so much! Jinan; you made life here so much easier for me! Thank you so much!(<3) And of course Lea, Nicole, Cherry, Jameel and Rabah...I'm so happy we kept in touch I never would have made it without all that advice!! CLNZforever! For all those that went to Mexico, I had an amazing experience with all of you. Can't believe I'm finally graduating, after all these years, it's a great feeling, but I never would have accomplished anything without you always supporting me. I love you all! mwah!!

# Andrew Emrich

It's hard to believe that four years have already come and gone at Stanstead. Every day over these four years something new would happen. Friendships and memories were made, all of which will never be forgotten. Although everyone complains about Stanstead, myself included, I think we sometimes forget that without this school all the memories and friends we have wouldn't be here with us as they are right now. Thanks to all the teachers, and my friends. Chris, you were always there to complain with me. Chiu and JS, road trip hasn't happened yet but I'm sure Virginia beach is going to be awesome. Constance, Jen, May, AJ, Marty you crazy Italian, Bryan, and everyone else thanks for the good times. Eric Ou, you're the best roommate anyone could ask for. To next year's basketball team, good luck and try to have some fun out there. Jenna you always understand and I can't wait for next year and the years to come. I love you. Mom and Dad, thanks for everything, it won't be the same next year being without you for the first time in 18 years. This is for another 18 years from now, Andrew take your own advice and be happy and proud of yourself.

This was my first year in Stanstead. I am happy I met a lot of new friends and had a really good time with my "Davis brothers" and I'll never forget my life here. Kingston: I am happy to have you as my roommate; I hope we can go clubbing again. Bryan and Martin: Even though I always make trouble in your room, you still treat me like your brother. Brian make me some crazy checks in the NHL, Marty please become the next Ryan Miller, Viva Jimmy Corsi, ha-ha. Scott: I am sad that we are not going to the same university because I love your Taiwanese snacks so much! ha-ha. I Hope you can be successful in university. Yeah Ronsse: bro see you next year! Tae Gyun: you are the best Korean I have ever known (you are not as violent as the others). Sean: Try to study calculus by yourself; I can't help you anymore. Tell me when you can DUNK!! ha-ha. Meier: Thanks for your Swiss chocolate~ Paul K.: you have to practice hard in Winning Eleven and try to beat me later, ha-ha. Gordon: I'll never forget "the finger story", hope you will have a happy life in Hong Kong next year. Henry: I don't know if the "kiss" I bought on Valentine's Day helps or not. I wish you good luck - see you and Gordon in Hong Kong. My Taiwanese friends (Simon, Kent, Kelly, Andy, Eric): I really enjoy the "Rice Parties" and "Warcraft Parties" in the weekends. Hope I can meet you guys again in the future!

## Sean Ingutia

Wow I can't believe time has passed by so quickly. My second and final year at Stanstead is over and done. Funny, I thought I'd be happy to leave but I'm really not. Congrats to everyone who survived this year, there were definitely some rough times. But overall, this year has been awesome and I am glad to have known all of you. I hope I'm able to see everyone again, but if not, I'll always remember the things that you made me understand about life. I hope to never forget what the school has provided and given me.

As for everyone I have come across during my career at Stanstead:  
You know who you are... You've done so much for me... thank you.

I wish you all good luck and a good life, so take care.

Well, Stanstead I'm out.  
Peace

This year has been one of the hardest yet interesting year. I don't regret anything and I am extremely proud of myself that I made far enough to write my grad write up. I wouldn't even be here if it wasn't for my cutie Korean girls, Jamie (haha j/k), -.-). as well as sexy prefects in Webster, Jen, Cons, and my black baby D (WEBSTER PREFECTS FOREVER!!) .+ good luck to all my little pretty Webster girls 2006!! Big Thanks to Mr. Wells, Mr. Planetta, Mr. Williams, Ms. Portelli, Ms. Gittens, and Mrs. Elliot for being such awesome & fun teachers. And Mr. Rioux for being such a cool advisor and I am sorry that I never really went to one of those advisee meetings.

Now that I am throwing my self into world of opportunities, the experiences that I had in Stanstead will definitely always be with me.

\*:\*( MUAH, kisses and hugs to my amazing sisters ;) J & D)\*:\*

# Tag-Gyun Kim

Another year has passed; leaving me with memories and experiences I will never forget. First and most I would like to thank my parents. Dad, you always trusted me and supported me, u knew my limits of ability however all the reasons that I am standing here now is because of all your efforts since I asked you if I could study abroad. Mom, I thought I grew enough now that I can take care of myself but not still when I am in front of you. Without having you in my life, it will make no sense of me being here. Second, there is no tiggie without my girl friend Laurie. I have known you for almost 2 years now and surely we had a great time not only in Stanstead but also in Germany and Korea as well. Laurie my life was missing a piece of something, but the something that I can never have if it was not you and now you have completed me. ich liebe Dich my baby... Now my roommate Paul, I wish you having a lot of fun in St. Louis. Paul Kim, like the older brother for me, you supported me a lot here! J-S, do you remember that I still loved the food you made for four of us? Scotty, you wouldn't forget 4 years together, and to all the rest, good luck in the future and have a good life.

Finally, five years have gone by, It's unbelievable how fast time travels, I can still remember clearly some interesting things that happened the first year when I came to Stanstead College in grade 8 ESL. I want to thank all the teachers who have taught me, I know I wasn't easy to teach because I never spoke in class but I am grateful to have even attended those classes. I really enjoyed the time I've spent here, meeting lots of people from different places and learning different languages other than English. I would like to thank all my friends who helped me a lot and I enjoyed the time when we hanged out together. I will keep those unforgettable memories in a bottle and carry it with me for the rest of my life.

First I want to say thanks to my parents because without you guys nothing would be possible and I wouldn't be who I am today if it wasn't for you two. Love you guys. A lot of good times this year, happy I was here. Wouldn't of known what to do with mah boys Ronsse and Thibeault, we know everything weve been though I don't have to talk about it, Love you guys. College next year boys haha. Good year for hockey, PROVINCIAL CHAMPS. You know it! But i guess you have to score over 19 goals in order to get any acknowledgement at all or maybe it was just because the work wasn't hard enough right. Anyway, mad fun year, van dyke you're the man. Good year to end my Stanstead career. What no one realizes is that you make life long friends and you become closer then you would even think. Many good memories this year that ill always carry with me. Thank you to the people who made it possible for me to be hear. The Wolfe family, thank you for making me feel at home away from home. Good luck with everything in the future. So thank you everyone for all the good memories, never forgotten. AYK SAAKYAN RIP We miss you!

## Jean-Samuel Rancourt

12 years old, 4'10" and 95 pounds, scared and homesick to tears. It was an adventure that will pay off. No lifers club for me but Jen, May, Chris, Jamie, Ronsse and Chiu, knowing you so makes me feel like a member. Dyke, fix your class room floor, its got a right to left break in it, and you still have a hard time with the wall stall? Gbama will come to St. Louis someday Chiu, but come visit Ronsse and your little bro in waterloo if you're lonely. No Ivy or NCAA for me, but its not like I've got full blame.

College life should be sick, one last trip to Virginia nicely wrapped up high school. A great part of my life was gambled here, can't wait to build on it my future. This is not the real world but it's a fine one, I took all I could out of it, no doubt I'll come back to find my trace. Thanks a lot to my parents for giving me this chance, I know my first few years here was not their easiest either, I appreciate all you both do for me, same for you, sisters. No comments guys! Remember one thing about science people, "imagination is more important than knowledge". Oh, and in case I doubtfully ever forget, I want to be on Tour and have lots of money.

Thanks Stanstead, I'm through.

## Eric Ronnse

Success, laughter, hatred, love, tears, fun, anger, disappointment, commitment, discipline, pride, confidence, victory, friendship, conflict and hardships is what Stanstead College is really all about. For six years I have lived an incredible experience and I have learned a lot, from the all breaks to all the classes there have been many pro's and many con's but none of which I regret. I've done my time, and its about time to face the real world! I have made friends from many countries but I consider them all my HOMEboys. One of the things I leave with from Stanstead is memories. All the weekends in Magog playing crazy card games (mend!) All the late nights in Montréal, VIP everywhere and anywhere we go, like kings with our queens of course (Nelly). All of the overnight Stanstead pranks and room wars and all the time we spent "chillin" together which made us the boys until the day that we die. Together, no one can take us, you better believe it! Oh yeah, just like no one can take the football team baby, ill never forget that last game slippin n sliding in the mud. One love, TNC. The pain of discipline is nothing like the pain of disappointment. I love all my boys till the end, Waterloo here I come.

## Sophie Arnold

Wow, Once again another year has passed by. It seems like I've been at high school forever... but it's now over! Whoo hoo! I don't think I could have made it without the help of my parents, and my friends. They've kept me sane through the miserable and frustrating times that I've had to face. To all my SC homies who always know what I'm sayin', sayin' when I'm sayin' it [ha]...with your help, I've been able to have some good; good laughs, and make new memories that I won't ever forget! Hahaha... And to all my other friends, at least now I'll have more time to see you guys since I won't "always be at school". But when all is said and done, things have been pretty awesome and I will miss some parts [only the fun parts]... but I must say, spares and breaks will never be the same without you guys!!

Stanstead has truly been a journey of a lifetime. Come to think of it, it will probably be one of my most multicultural experiences ever. Never before have I been involved with so many different nationalities at the same time. Thanks so much everyone for greeting me warmly in this totally foreign, but amazing environment. My special thanks are dedicated to the one and only \* La belle\* Alex Lemieux, who taught me many Quebecois slang terms and was a true friend to me, the German-Austrian trio (Bella, Citha \* please do me a favour and keep the snoring bit while you laugh\* and Laura- the three Musketeers), my little beautiful friend from Colby Suh-hyeon Kim (Joni), Muyao.....who is just great and of course the best room mates ever, KA-YAN CHAN and CAROLINE.

There is one thing I know for sure: I will never ever find another cast much like the one for "Noises Off". You guys were so amazing. Thank you Mrs Elliot for making this "chaos" a masterpiece.

Its not much to express my gratitude, but..... THANK YOU MUM AND DAD, THANK YOU VERY MUCH FOR EVERYTHING. I will always remember Stanstead College. My apologies.

How can you describe 5 years at SC? One thing I can be sure of is I wouldnt have survived without the help of my friends. As much as I tried to fight it this school became my home and with that friends became family. From the first day of school through birthdays and getting our licenses to heartbreaks and failing classes; they were there, good times and bad. I cant leave without mentioning a select few: Ms.Gittens I love u like a mother. Van Dyke: best coach I could ever have, bball was one of the few reasons I came to school everyday. Amanda call me up in the middle of the night and we will go fight the lawn together. Caysh: you were the best date ive ever had. Goodbyes make you think. They make you realize what you've had, what you've lost and what you've taken for granted. When I came to Stanstead I couldn't wait to leave and now that im leaving the hardest thing to do is to

5 years... some may think that's a long time, but time flies. The fun times are unforgettable, the troublesome times even more. These years have been amazing; aside from the day to day commitment people often refer to as "school". There are so many moments that made these years memorable, but the thing that makes it all worth the sacrifice is friendship. Joo, you little DaVinci. Chris, all those random intimate times, you'll always have a place in my bed. AJ, "rule number 1: I'm number 1". Evan, my friend, I'll think of you every time I wear black. Julien, my roommate and hockey star, #21, it's been a great 2 years with you, I'll miss you, don't you go "hidden" on me. Mel, I'll see you up on the cliff or on the highway. Kori, "can we switch shoes?" Sean, it's been fun, keep playing ball. Steve and Barry, "Pass the rock!" Lisa, you made my last year here so much better. Is this the end? No. We're far from it... You're short and I love you. To my parents, thanks for wasting your money on this place, oh, and believing in me. I'll never forget this place and what it has done for me. Congratulations graduates. Remember, it isn't about what you do here; it's what you remember once you leave.

IT! Wow, three years at Stanstead sure have passed quicker than I thought. It feels like yesterday was my first day as a ninth grader in Bugbee. Well, I'd like to start by thanking my parents for this wonderful experience. The two best science teachers that I've ever had, Mr. Davies and Mr. Planetta, won't forget the cheese flavored larva. Mr. Rioux, going to miss you screaming at me "Harry, get a haircut by this afternoon". Thank you Ms. Campbell and Ms. Gittens who made me actually "awake" and enjoyed my English class. Ms. Smith thank you for your all the support and advices for three years. I would've not had great time during three years without your help. Lastly, my Korean buddies!! Terry, be a normal guy next year. Daniel Suh, my PO-DONG-E lol. My roommate Gordon!! Good luck in Hong Kong. My old roommate Kelly! Do something! LoL. You guys have all made my time here great. I'll miss you everyone next year and wish you all the best!! Finally, I'M OUT OF HERE!!!

It's been two years since I was first introduced to the Stanstead community. During this time, I was taught inside a rich environment where sunrise kept me moving forwards with father's eagerness and sunset settled me down with mother's tenderness. To see the unseen and hear the unheard is hard when snoring under the cover, (I did just that for the last term; lost in a dream...) but I know that I can reach my goal by pursuing my dearest path. In the past two years, I made the decision that I will walk the path of a writer which just fits for my daydreaming knack. (a.k.a. 'blaaaaa' knack) Though clumsy, I tried to 'catch the shadow of butterflies' by writing. Also in my second year, I've had a unique chance to start learning guitar which would be my next investment. By and large, I want to stress that all these baby steps would have never been even thought of without the help of the Stanstead community; (Special thanks goes to all my English teachers; Mr.Rioux, Mr.Telling and Mr.Elliot Thank you all for fertilizing my dream when it could not stand on its own) Without the free environment where I can think of my choices as my goal and without the teachers, students and workers none of whom had a dark spirit of any kind, I must have been adrift, not quite knowing which direction to go. In closing, I wish all the best to every one in Stanstead, arriving or leaving, that your life be full of love and

# Philippe Lachance

I will always remember...

My hockey season with the boys! (I'll never forget anyone). All my Quebecers friends and my French-boy (Arthur). Boys I wish I will see you after this year, Mike- when we were training in the gym and we thought we had a shape! Jp- My old roommate, I'll never forget the lip-sync we did, we won 30\$ but the most important is that we had fun! It is weird how we always have the same thing in our mind! Boutet- the first guy I seen in this school. Arthur my favorite French in the world (Hé Cousin!). Phil Grant- the most bilingual guy I've seen in my life. Cecilia and Lisa- when we were taking our little walk! My little Italian boy Freddy and our song "can't touch this", Simon Bourassa! The funniest guy I've met in my life. To all of you, I know the end of this year doesn't mean the end of our relationships, it is only a beginning.

Stanstead was truly an experience of a life time. I'll always remember the good moments and this weird feeling that only this school makes you experience. To all the teachers and students that helped me out with my school work, I want to say a big thank you. Also, a special recognition to Mrs. Scattolin; what an amazing teacher you are; keep your patience! And I'm really sorry for always chatting, and therefore interrupting your class. A big thanks to Mr. Planetta and Mr. Davies for letting me play on the hockey team, I definitely will play again! The best thing of the year will certainly be the figure skating club. Getting the ice for myself, wow, that was awesome! A shout out to everyone who made my two years so lovely: Julien, bon temps ensemble. Miguel, tu m'as trop fait rire ! J-S, tous nos blablas. Félix ET Langlois, mes p'tits Amours! Cindy, I'll never forget all that you did for me. Mon p'tit Max, bonne chance pour les années à suivre! Carpe Diem to everyone who believed in me. I will always remember all the people that have made my stay here so enjoyable.

# Arthur Lesiak

This was a great year - a lot of new people from different cultures. I hope I will stay in touch with my friends from Stanstead College; they are too many to make a list. They know who they are. I want to thank all the teachers who helped me to improve myself at school. I want to thank all my friends who were there when I needed it. I hope I will be a better man after this year.

## Lisa Linden

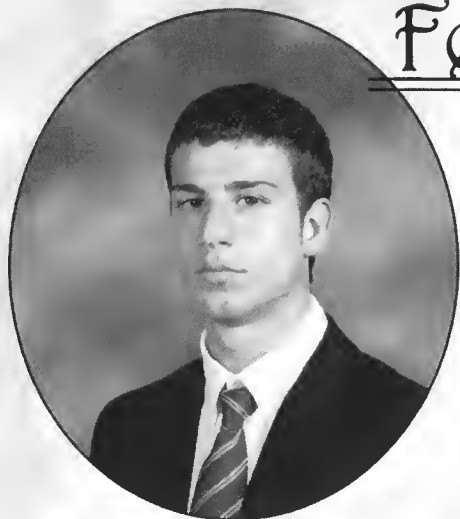

I've only been here a year but I've got some great memories. Mel I'll never forget about Club 25 haha. I learned a lot of new things this year like the fact that you do have to study in high school (which isn't just solitaire). And I learned that rainy days don't have to be boring, playing soccer in the rain is way better than in the sun especially with mud sliding afterwards. Caysha won't forget you making my dog dance and I'm never going to forget our nights of starvation but those apples were good apples! Kori never try and squish a fortune cookie they explode and hit people. Lucas thanks for helping me though everything this year and don't forget NS even if you're afraid to get murdered which you won't! I'm not going to forget the times we had together. Chris I won't forget your way of getting out of French class. Won't forget CAIS best game of my life and nearly broke my ankle but we had good times losing people on the subway! And I loved the hockey team even if we didn't travel much! And I'm not going to forget our stories in the locker room either haha. My friends here are what made me love this place and I'm never going to forget you guys. I Wuv Woo!

WOW...5 years already, Can't believe this year is passing so fast. it's a good sign but sadly I still got one more year to go. I have to thank Mr. Rioux for his great support this year, without him I couldn't get through the low tide of my student life. Besides the tragedy that happened last winter, overall it has been a really pleasant year. Thank to Mr. Ross for training us in the fitness program, I felt more like a man after long hour work out and hardcore running, the running KILLS my legs. Special thanks to my advisor Miss Wadleigh for her support. At last I wish all my classmate and friends whos going on to Cegep and University good luck.

## Sang Jun Park

It's been about two and half years. The time went by so fast in Stanstead. I had a lot of fun this year. Stanstead has given me the opportunity to learn hockey and rugby, sports that I never knew about before. Also I've met a lot of new people here especially Amanda Booth. She taught me quite few things like love and English. While I've been going out with her, I've changed to kind of good person. Also I want to mention about Koreans my buddy Tae Gyun, Joo and Sharon they helped me a lot the first year I came, well they still do. Mrs. Scattolin thank you for listening my complaints and worries, and to Mr. Mac my advisor sorry for about soccer and thank you for supporting and understanding me whole year. See you guys next year whoever is coming back. bye

# Evan Pynes

There comes time to say goodbyes, to some people I wish I never have to, to some I wish it could have been sooner. It was an interesting year, with all the stealing of children, the buying of barbeques and having two hands, not being tables, blonds in disguise. Fun times with Lucas, Julien, Joo, Chris, AJ, and Coriveau in Bugbee, long nights past lights out just hanging out cracking jokes or watching movies. Mel, Lisa, Kori, all the reps from Webster, Kori I'll never forget English class with Mr. Telling, shorty you know who u arc just keep on keeping on, Mel you'll be fine in an apartment, unless u get burglarized, going to Lucas' house in his car when he finally got his license man this year was full of surprises and fun times. The plans we made and thinking of doing them if it weren't for the consequences. I'm sure when I get older and read this again I will understand how good this experience was to me and that my parents just wanted me to go to a good school, for now I'm blinded by how boring and prison-like this place is. I guess I am running out of words so this is it. CEGEP awaits. I hope I make it that far, further I hope.

# Miguel Raymond

erm, First I'd like to thank my family for everything that they have done for me. If without their support, I don't have this chance to study in Canada, Stanstead College. Well, this is my second year in SC, I have a lot of good memories during every year. I'd like to Thank my house director Mr. Rioux and Mr. Planetta who take care of us. (Mr. Rioux: I won the pool tournament, but I didn't have a coupon for subway yet = ='). Moreover, I'd like to thank my sports "football" and "basketball" coach. I'll try my best next year! It fun to working together with new friends and classmate, we learn a lot from each other. This year I meet new friends from Hong Kong; Gordon, William and Henry. This is probably going to seem like every other grad write up you've ever seen, but that's because there's a good reason for it: it's what we all want to say. So here it goes...First and most importantly is my family. To my mother and father; if it wasn't for them I never would have come to Stanstead and I would have never have done all the things I did. Dad, you were right. Thank you.

Everyone thinks that Stanstead is a boarding school with old buildings, by it's the people inside those buildings that make it what it is. My friends, I'm not going to mention any names to make sure I don't leave any one out, but if you know me, then you know that I don't have to mention you. You all know who you are. You're the people who were with me during it all; we ate together, we studied together, we even showered together after games. You are the people that were with me during the sad moments, and during the moments I'll never forget. You're the people that have helped make me into what I am today.

To all of you, I wish you the best of luck with whatever you may so choose to do, and maybe in a couple of years we'll meet again. Until then.

Wow! What can I say? My experience at Stanstead has been amazing. The friends I've made, the things I've done, the places I have been. A year ago I would never have believed that I would be here. It's hard coming to a new school where you don't know anyone for thousands of kilometers. But everyone was so friendly and welcoming that it wasn't long before I felt accepted as a student of Stanstead and not just another exchange student.

Coming to Stanstead I had no idea what to expect. I have never attended a boarding school and I had never left Australia. So coming to Canada alone was a huge adventure for me. My school back home, Billanook College, is so different to Stanstead. Not only is it a day school but the whole day structure is completely different. I have four 80 minute periods a day on a ten day cycle. Everyday we bring our own lunch from home to school and eat it outside.

Being an exchange student is an incredible experience. I would recommend it to anyone. It's a great way of meeting new people, learning new things and I'm sure I've taught many people a thing or two about Australia. It's truly a life-changing experience.

It's only now that I'm preparing to go home to Australia that I have realized how amazing the people I have met here really are. Stanstead isn't just a school, it's a family. The friends you make here are so special because they are always there for you through the good times and the bad.

I have learned more at Stanstead about other people's cultures and countries than I would at any other school, anywhere. But most importantly I have learned so much more about myself. I have learned to be more independent, make important decisions on my own, try different foods and how to play rugby.

Living so far away I'll probably only ever see a few friends that I have made here, but I will always remember this awesome experience and my memories at Stanstead College will never be forgotten.

## Senior Girls' Soccer

Coaches: Mr. E. Van Dyke, Ms. K. Brown  
Captains: C. Lunn, J. Bauer

The 2005 edition of Senior Girls' Soccer was injury-riddled, to say the least. However, this was not nearly enough to dampen this team's spirit. Through hard work, perseverance, and the leadership of several key veterans the team improved steadily throughout the year. A clear indicator of this development was a decisive victory over Centennial Academy at the CAIS National Tournament. Earlier in the season we had tied Centennial 0-0, but after four weeks of practice we completely dominated them 4-1, a testament to the intelligence and work ethic of the players. Congratulations to Senior "S" recipients Jennifer Bauer and Patricia Thibault, special congratulations to MVP Cecilia Lunn, and sincere thanks to the core of veterans who taught this young team how to perform like Seniors. Jenn, CC, Dianne, and Constance; Well done! And kudos to the entire team for making the 2005 season a memorable one. Each and every one of you played with intensity and sportsmanship, and represented your school well.

The 2005-2006 senior boys' soccer season was marked by countless injuries and a great many one goal losses. The Spartans finished second in league play, before bowing out of the playoffs, 1-0, on a late goal by Alexander Galt. The team played exceptionally well at the CAIS tournament, notwithstanding a one and four record. Captains Joey Roy and Martin Ausserhofer earned Senior S's for their great leadership both on and off the pitch, as well as their inspired and determined play. Julien Boutet, our leading scorer with six goals, was a threat every time that he touched the ball and was awarded a Major S for his exceptional season. Fullback, Lucas Jansen, also earned a Major S and the MVP award. He had to overcome a serious concussion in mid-season and was clearly the team's most consistent performer. He was unbeatable on defense and sent great balls forward to our midfield and strikers. I would also like to commend everyone on the team for their tireless effort and their never-say-die attitude.

The 2005 Football Spartans opened pre-season training with numerous question marks. Given the departure of most of our starting lineup from the 2004 undefeated championship squad - we knew that the season ahead would be filled with challenges. The season's biggest disappointment came, not on the playing field, but through the withdrawal of two teams from our traditional ETIAC league alignment, leaving the Spartans with no league within which to compete, and only a short five exhibition game season. With a starting roster comprised mainly of first year players, the team struggled with inexperience and a lack of cohesion. By the time the final whistle blew, ending the mud bowl under the lights at Massey Vanier, the Spartans had compiled a disappointing 0 and 5 record. Our best performance came on a beautiful day at Lac Megantic, where the players produced their best team effort, highlighted by the only touchdown of the season. In spite of our struggles on game day, I would like to commend all twenty-nine members of this year's team for their sportsmanship, for "staying the course" and for hanging in there when things got tough.

# Cross Country Running

Coaches: Mrs. B. Elliot, Ms. T. Harding

The 2005 team was scaled down to competitive running team as opposed to previous years when we had a competitive and non-competitive team. Runners this year were required to participate and to train for all competitive events. The competitive running team comprised 22 x-country runners, with veterans; Gabriel Ellison Scowcroft, Laura Goodyear, Caroline Hill, Ayk Saakyan and Ashley Wilson. Our novices trained hard and reaped the benefits in competition. They were; Mary Jones, Felicitha Straus and Min Jee. We began our season with the Terry Fox Run held this year at Stanstead and we hosted our x-country running meet where Mary Jones, Felicitha Straus, Gabriel Ellison Scowcroft and Min Jee all placed. X-country running is a true test of one's mettle, challenging the elements (rain or shine sometimes snow), negotiating the obstacles (rocks, branches and mud) and racing the competitor. All team runners should feel proud of their hard work and perseverance as they contributed to a successful final outcome.

## Junior Girls' Soccer

Coaches: Mrs. L. Retchless, Mrs. K. Reynolds  
Captains: Victoria MacIsaac, Christine Osei

We had some awesome talent on the team. It always amazes me that we start with basically a brand new group of girls in September and within a few weeks a team is born. We had talent but it was extremely difficult to score in the net. On the defensive side the girls were invincible. Thanks to Melissa, Derinda, Christine, Kristina, Priscillvia, and Rita for great work. The three ties and low scoring games attest to this fact. Initially Melissa Gilpin was not keen to goal but agreed to start the season. She was awesome blocking close to 20 shots each game. Our highlight moment of the season was in our playoff game against the second place team Massey Vanier. We were down two nothing and Christine Osei was moved up to the forward line to shake things up. Lyndsay Smith filled her spot on the defensive line and we were soon looking at a 2-2 score. With a minute to play, a penalty was called, the opponents scored their winning goal and our season was over. Regardless of the outcome the girls felt good about their level of play in that game and we can say we ended on an extremely good note.

The 2005-2006 junior boys' will be remembered for wonderful team chemistry, spirit and exceptional talent. The team held first place until the final game of the year when we lost a heartbreaker 1-2 to Alexander Galt High School. We then played a tough BCS team in the playoff round and fell 0-1. All in all this was a remarkable season marked by many laughs and close games. Although we didn't win in the end, the reality is that we won every day for you all loved practice and each and every minute that you spent together as a team. I am proud to have been associated with all of you, for it was a privilege to be your coach. Best of luck with your future endeavors!

This season saw one of the strongest Bantam Girls' Soccer teams in recent years. The team was also fortunate to have 19 players, a record number for this particular level. This shows how popular team sports, in particular, soccer is becoming among girls today. The girls showed that they were a team that would not be pushed around on the field. Other teams quickly realized that the Spartans were fierce competitors that dominated the field and never gave up until the referee's whistle sounded to indicate the end of the match. As the team's confidence developed so did their skills and game mentality. The girls grew into a solid and unified group with the desire to be in the play-offs. This attitude paid off and their common goal was achieved.

Our record this season was an impressive one. Four wins, one tie and two losses. The climax of the season came because of this impressive standing. The team headed off to the ETIAC Championships at Galt on a crisp October Saturday. Armed with assurance and determination, the team played the game with every ounce of passion they possessed. The game ended in a 0-0 tie and had to go into overtime. In the end, Galt defeated us by a score of 1-0. This victory did not happen easily though. The thrill and excitement of this game and of the whole season in general, is a reflection of the girls who wore the uniform proudly. Thank you for your dedication to the Bantam Girls' Soccer team. Each and every one of you has made this team a great one to coach.

## Bantam Boys' Soccer

Coaches: Mr. R. Davies, Mr. G. Telling

Captains: Nick Bauer

The Fall 2005 Bantam Boys' soccer season was an interesting and fun one to coach as well as to play. It began with the double uncertainty over the number of potential players and how the public school teachers' work-to-rule would affect the fixtures. As it turned out, we were able to recruit participants from other programs so that we generally fielded a squad of fourteen and had five league matches. We also had an enjoyable tournament at B.C.S. in September at which we defeated Lower Canada College. We finished overall second in the League and only narrowly missed getting to the finals on playoff day. The team showed great spirit and determination. They generally gelled well together which made them a pleasure to coach. Bantam 'S' award winners this year were: Nicholas Bauer (the Captain), Jevon Ellison-Scowcroft and Fernando Vega Escalante.

I must admit, I was worried coming into this season. We were coming off a very difficult year (only 2 wins in 2004-05), very few Juniors were moving up to Senior, and our best player in 2005 had left the school. However, things started looking up almost immediately. New recruit Necola Guerrina had an immediate impact despite her youth (she's only in Grade 9). Michelle Crook and Freda Ou gave up their last year of Junior to play Senior, adding significant depth at guard. 2005 MVP May Libby unexpectedly returned to Stanstead. But most importantly almost every single returning senior, despite a terrible 04-05 Win/Loss record, had improved greatly over the course of the previous year. These factors combined to make 2005-06 a very different campaign: we went 4-2 at the Mtl. Tournament. We qualified for and won a game at the Anderson-Bailly Provincial Tournament. And most impressively we finished 2nd in ETIAC League play (compared to going winless last year), capped off by a stirring come-from-behind classic vs Galt that assured us 2nd place, and which is one of the most exciting games I've ever been involved in. Congratulations to all players and award-winners for a gratifying season. I feel you came a long way towards maximizing your potential, which is all a coach can ask. And special thanks to Angel Sun, whose quiet leadership and never-ending effort, attitude and improvement will always serve as a reminder to me of why we play sports in the first place.

Felix Bouchard brought heads-up play and a solid work ethic. He and Lucas Jansen ran an unstoppable fast-break. Julien Ronsse slashed on the floor and talked on the bus. The rather tall and smiley CGeorge (in his size 15's) played the post. Yoshi Taguchi (lover of sleep) was arrested by US Customs on the Canaan trip. Simon Chi did the stats sheet AND play the games. Sean Ingutia was a sweaty and hard-working defender whose long limbs helped him 'blanket defend' the opposition's best player. Andrew Emrich showed good leadership as captain, although his final season could have been better. There were a bunch of small guards who rounded out the roster. Our lowlight of the season was losing games to mediocre teams. Our highlight was the Anderson-Bailly Tournament, hosted by us, where we performed very well, losing a close one by 3 to St. Johns, beating Bonaventure by 40 in a memorable thumping, and a close loss in the semi to the eventual Anderson Champions, BCS. We were 0-6 in the league and 3-15 overall. We met and lost in the playoff semi to the eventual ETIAC league and playoff champions, MVR. We did not qualify for the Visser. We finished last at our own SIT. Not great. However, this team was a good bunch of guys, and we all enjoyed traveling as a team and I did enjoy working with them.

Congratulations to the award winners:

Top 10 Things Ms Portelli and Mrs Wolfe Learned from the 2005-2006 Junior Girls Basketball Team

- 1) That crying after an overtime loss is okay.
- 2) That no matter how aggressive you play, you can still forget to rebound.
- 3) That bleach and brown hair, dyed by friends, turns your hair orange.
- 4) That early morning games are to be avoided at all costs if you want the players to be awake.
- 5) That junior girls are the biggest pigs when it comes to pizza and sundaes.
- 6) That half time is a time to check out the boy's game. Cute guys???
- 7) That even when you are losing by 40, you can still play with a lot of heart.
- 8) That "I can't" is not allowed, but "I'll try my best" is allowed.
- 9) That laughing is a lot more fun then screaming as a coach.
- 10) That junior girl's basketball is where we love to coach because the players are fun to be around.

Thank you for a super season ladies.

## Junior Boys' Basketball

Coach: Mr. J. Hull

This year was my first coaching basketball, but I learned a lot and had quite a bit of fun in the process. It was a great group of guys to work with, and I won't forget any of you. Without a doubt we could have had a better season in terms of wins and losses, but you can't always measure success by how you finish in the standings. I need to mention a few players in specific who made this season a memorable one. Francisco, aka. "Big Papa", was a powerful force on the court, with incredible moves for a big man, but he was also a force of good spirit, bringing cheer and laughs to the team at all times. Henry played with passion and determination. He was so desperate to help the team that he would frequently lay the blame for a loss on himself despite playing exceptionally well. Brandon Fortin put forward amazing effort at practice and was our team's most spirited player. Finally there was Cedar, the driving force for the squad, who really blossomed into a dominant player and was very deserving of the team's only "Junior S" award. To the team: Thank you for the memories and I wish you all good luck next year.

Take a thousand million questions and bundle them up in ten red blazers, pack them on a bus to BCS, Massey Vanier, Galt, Richmond or Montreal, throw in a couple of basketballs and the lack lustre encouragement of the Bantam Boys and you will have the Bantam Girls basketball team. What a team this was. They certainly got their fill of exercise during practice times but also pushed each other to develop more complicated plays than usual and worked to improve their skills. We improved through leaps and bounds between November and March and I was amazed at least once a game by a different person. Each player worked hard to learn something new and achieved their goals. I commend your work ethic, your encouragement of each other, your sense of spirit, your sportsmanship and most importantly your sense of humor. I want to wish the best to the girls moving on to junior next year- don't forget the basics!

Missing: Alejandro Nehme, Kyle Lim.

A team of veterans and newcomers put forth a strong effort every game. As the season progressed so did the skills of these 10 bantam boys. After a few losses early on, the team surged ahead through the latter part of the season. An exciting win in the semifinal led to a heartbreaking loss in the final. The boys should be proud of their fine season. Special mention should go to Fernando Vega for his outstanding skills, and Jose Estevez for his excellent leadership.

## Senior Boys' Hockey

Coaches: Mr. M. McNamara, Mr. J. Rioux

Captain: Joey Roy

The hockey team enjoyed one of the most successful seasons in the school's history with a 35-12-2 record. The Spartans reached the finals of the Stanstead Invitational Tournament and the Moncton Classic. Stanstead also went undefeated in league play and won the ETIAC playoffs for a record tenth consecutive year, besting the previous mark of nine by Alexander Galt. The exceptional season ended with another Provincial Championship, the second in three years. Special congratulations go to major award winners Julien Boutet and Danny Hobbs, both of whom broke our previous scoring record. Barry Roytman was also awarded a Major "S", as well as the Dawes trophy as the team's MVP for his outstanding play anchoring the Spartan defense. Coach Rioux and I would like to congratulate all of the players for their commitment and effort. This was, without a doubt, the most dedicated and determined team that I have seen in my ten years at Stanstead. You should be very proud of what you have accomplished!

## Girls' Hockey

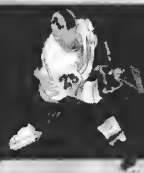

Coaches: Mr. R. Davies, Mr. C. Planetta

Front: Ana Quintero, Nathalie Shaw, Derinda Kocik, Amanda Davies-Booth, Lisa McNamara, Cassandra Danyluk, Charlene McKinnon, Helen White, Lindsay Smith. Back: Mr. C. Planetta, Cecilia Lunn, Corissa McComber, Constance Bedard, Caysha Saddleback, Priscillia Kitchen, Alexandra Lemieux, Patricia Thibault, Lisa Linden, Miss K. Brown, Mr. R. Davies.

The 2005-2006 girls' hockey team was an outstanding group of young ladies. They came to practice ready to work hard and had a very successful season. Our record improved this year to 12 wins and 9 losses and we were one for one in tournaments, bringing home the gold in the Stanstead Invitational. Top memories on the seasons include; Ana Quintero's first goal, Constance Bedard's four goal game, Lindsay Smith's 6 shutouts, Cecilia Lunn learning backward crossovers, Charlene McKinnon and the feared team from TBD, Lisa Linden thoroughly mastering the one on one hipcheck, and of course starting off the season with a win at Galt! This was an exceptional group, with a passion for the game of hockey that made heading to the rink each day a joy. I wish the best to all those players moving on. You were all a pleasure to coach. To the rest...Can't wait til next season!

## Junior Boys' Hockey

Coaches: Mr. C. Wells, Mr. M. Viens  
Captain: Matt Root

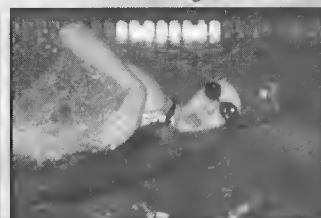

Front: Jose Fernandez, Simon Bourassa, Jean-Samuel Rancourt, Thomas Kirkman-Gagnon, Matt Root, George Robertson, Collin Delabruere, Sang Jun Park. Back: Mr. M. Viens, Jevon Ellison-Scowcroft, Justin Coon, Jon Delabruere, Jonathan Corriveau, Michael Vassilakis, Vincent Stoutjesdijk, Gabriel Ellison-Scowcroft, Alphonso Caro, James Vassilakis, Mr. C. Wells.

As a small school, Stanstead College often demands a lot from its students and this year's bantam / junior hockey players all delivered. As a team, we always battled hard to the very end and I was always very proud of the way we represented ourselves and the school. Thanks to every player for your contribution to this success. In particular, I want to acknowledge Justin Coon, James Vassilakis and Jevon Ellison-Scowcroft. This year we had only a junior team and a couple bantam fixtures and so these boys played most of the season at the junior level in full contact games against often much older opponents. Also, congratulations to "S" recipient, Sang Jun Park who began a new sport at perhaps the hardest position: goaltender. Sang Jun showed that he is a determined young man who is not afraid to take a risk. Finally, thanks to captain Mathieu Root who led the team by example with a tremendous work ethic every shift.

## Swimming

Coaches: Ms. T. Harding, Mme. N. Roy, Mr. D. Gray  
Mr. S. Lim, Mr. T. Astono

I am very pleased to announce that the Stanstead College Swim team has once again won the ETIAC Championship. My co-coaches Madame Roy, Mr. Gray, Mr. Lim, Mr. Astono and I are very proud of all of our swimmers and hope they had as much fun this year as we did. What we are most proud of is the exceptional team spirit everyone showed even when faced with adversity.

The swimmers trained hard in practice and swam hard in competition. The swim team will be starting from scratch as the majority of our swimmers will be leaving the school at the end of this year. We wish everyone the best of luck next year.

Thanks for a great swim season!

## SQUASH POEM 2006

Let's first say, that this entire Squash Season  
Was terrific, I'm pleased for the following reasons.  
The students played hard and you never could tell  
How far they would go like a snowball in hell  
That is to say they were burning to play  
And it gave me the chills to see them fire away.  
But all things aside I have to commend  
This fine group of players, who fought to the end.  
Now let's see, let me ponder, there was MAX  
He was cool, he improved and it's just a fact  
Then there was this guy named ELI BIRGE  
He was eager, and keen and ready to play  
TERRY played well he was all over the courts  
He would swing the racquet, long and short  
Of Harry's contrary, gaze fixed, he was staring.  
Intimidating yes, but he wasn't caring.  
Then there was Mike. He sure had stealth.  
He took no vacations because of his health  
Marcus and Tae Gyun were like two gladiators.  
Thank god they hit the ball, not eachother.  
The score was now tied with one point to go  
Now who would win this spectacle show?  
Marcus would dive and Tae Gyun would lunge  
You could hear the grunts and see the grunge.  
I'll just say verbal results, do not really matter  
Because if you want you can check, the Stanstead  
Squash Ladder.  
So let me conclude by thanking this group  
As they say in the words of the book chicken soup  
Play your best and reach your potential  
Team play, good attitude, is what's essential.  
We will miss you and would like to say  
Thank you for a special season  
Each and every day.

The cross-country ski season started unusually well this year. We were able to try out our new equipment before Christmas, which was a first in many years. However, the weather stopped cooperating in early January with rain and warm weather. We bravely went on with our activities, skiing in the mud and on grass more than once. We did have a glorious sunny afternoon at Orford. The whole group was able to stay together and we skied at a good pace. Let me introduce our group. First, we had our young North Americans who were born in the snow and who knew what it feels like to get around with those long sticks attached to your feet: Ashley Wilson, Phoebe Miller, Sophie Arnold, Jaymie Page and Maxime Leblanc, our rescuer! Then, there were those who returned for a second season and who were now good enough to give advice to the newcomers: Michelle Lin and Erica Yu. Finally, we had our newcomers who, except for Cynthia Kim, were experiencing their first Canadian winter: Irene Chang, Dorothy Chan, and Erika Vasquez. Yes, we had laughs and many good moments to remember. We can't wait for next winter!

## Senior Girls' Rugby

Coaches: Ms. E. Hessian, Ms. K. Brown

"Success demands singleness of purpose". If there was one thing that we had going for us above all else it was singleness. This team embraced the meaning of actually being a team, all the individuals working together to form the magical 'one light'. Whether running sprints, chatting on the back field, hanging out on the bus, working your tails off in practices and games or playing in a championship game there was never a moment that I was not proud to be a part of this group of great people. You represented the school well, you represented me well and above all else you did justice to each other. I hope that you will remember what it feels like to be a part of this team for a long time to come. All of you moving on to new challenges; I hope you will tackle what comes next as hard as you tackled Galt. You will be remembered here.

This year's senior boys' rugby team saw a few returning players coming together with a large number of inexperienced players. It took a while to get things organized and to get players understanding the game. We had a warm-up game against LCC that was a very good learning experience for everyone. We followed this up with a strong showing against BCS, losing 10-5. We then traveled to Ridley College for the CAIS Rugby Tournament. It was very strong competition and we were heading there for a learning experience. It was a successful trip as we competed in all of our games and learned a lot about the game of rugby. Once back from CAIS we put these new tactics in place and had strong showings against Galt and MVR beating them 38-12 and 24-0. Other highlights were the trip to Montreal for the Sevens Tournament, the ETIAC Sevens Tournament and a hard fought game against Essex Junction. The season ended with a loss to a much stronger opponent in BCS. It was a season filled with a lot of learning and a lot of memories.

## Junior Girl's Rugby

Coaches: Mrs. A. Davies, Ms. K. Byrnes  
Captains: K. Wilson, L. Smith

This year we had a terrific season, with many victories and close games! Rugby is the ultimate team sport - without passing and defence, it is difficult to succeed. You all worked hard with amazing teamwork and sportsmanship to move the ball up the field and score try after try. For many, this was your first experience playing rugby. Learning terminology - rucking, try, scrums, positions - plus skills such as passing the ball backwards and tackling - was fun and challenging. We hope that you all enjoyed your experience. Thanks to our captains, Lindsay and Kristina, not only good players, but able to help others and keep all the equipment and girls organized. As many of you will be moving on, good luck next year on your future teams! We enjoyed coaching you and will miss you!

Captains: G. Robertson, T. Kirkman-Gagnon

"NO PAIN NO GAME!" When I first heard Santiago scream this phrase before a game, I chuckled at his error. But as the season progressed, I began to realize just how accurately it described our team. Outsized in every match, these boys fought through pain game after game, driven with an unrivalled intensity. They also played smart, adjusting to in-game strategy changes with incredible aptitude. Our final season game against BCS, David vs. Goliath, was never expected to be close. But we played our best game of the year, mounting a heroic comeback before falling one score short despite pressuring for the last five minutes. We finished the season on a high note, going undefeated in the GALT 7s tournament, outscoring our opponents 105 to ZERO. Thank you to George and Thomas for their dedication and leadership, and congratulations to our 'Junior S' recipients. But a very special thank you to the whole team for an unforgettable season; I have never been a prouder coach. You guys were warriors. "V for Victory"

## Tennis

Coaches: Mr. C. Williams, Mme. C. Chartrand

I wish to thank all the players for a terrific season. You were a dedicated group of students and were a great pleasure to coach. You displayed patience, sportsmanship, and determination to do your absolute best on the courts at all times. I wish to offer a special thank you to Chris Georgevich. He showed leadership as well as winning the tennis shield for the second time now Chris has been on the team for a full six years and will be missed. Here is an excerpt from the Tennis Poem of 2006.

The tennis this season is hard to describe

It rained so much, so long, and so wet

That I had to have wind shield wipers in front of my eyes

Before we got to the points they could get....

Now as you can see i appreciate this team

They're the best group of guys ...one ever could dream

They soared high, they sunk low and got up again

So I want to give thanks to this young group of women and men

## Golf

Coach: Mrs. L. Smith

Mrs. L. Smith, Andrew Smith, Paul Chiu, JS Rancourt, Constance Bedard.  
Missing: AJ Nelson

The 2006 edition of the Stanstead College Golf team played well, but was unable to enter a competitive team score. Thus, out of four teams, we finished second in the first two meets, and third in the next two. The season started on a positive note with JS winning the meet at Auberge Bromont, Massey Vanier's home course. In subsequent meets, JS finished just out of the running against some tough opponents with each tournament being won by a different competitor. Andrew also entered competitive scores for the team, and in the ETIAC final tried to "take out" the coaches with a very long drive! Paul, AJ, and Constance (the first female to play for SC) each had the opportunity to compete in at least two of the four tournaments. All of them improved as the year went on, and Constance got her first tournament par in the ETIAC finals! We practiced and played in a wide variety of weather, and were witness to all sorts of hilarity. Paul is a true gentleman...taking off his socks and shoes to go in the pond after Constances' ball for her! Constance...how DID it get there? AJ...how many putts constitute an AJ? Paul...swinging a golf club at black flies will not make them go away...and it goes on! It was a short but fun season, and it was a pleasure to coach each and every one of you! I hope that you enjoyed it enough to play the game for a long time; it is a game that you never get too old for! Remember...there is always a game waiting for you at Dufferin Heights!

# ACTIVITY DAY

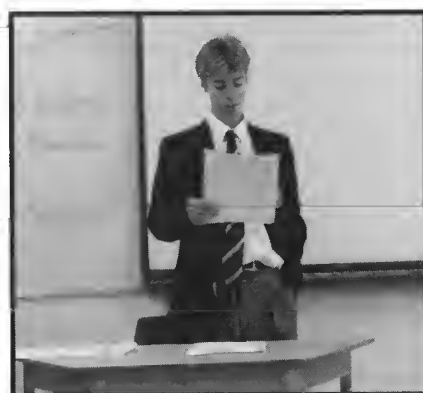

Last Friday Stanstead hosted its first Junior Debating Tournament. There were 52 debaters from 13 different schools. Most of these schools were from Montreal. Stanstead submitted four teams. The eight of us had prepared for the past three Thursdays from 3:45 to well past dinner, all in preparation for this monumental event in the school's history.

At 10:00 Tania Laroche Duhamel, Lindsay Smith, Kristina Wilson, Laura Goodyear, Said Al Mahruqy, José Fernandez and I were excused from class to go down to Pierce Hall to welcome the visitors. We then saw a show debate by four university debaters. As soon as the debate was finished we were given the topic for the first round. We went to our room and began preparation. It was very strange for me to walk into a room and see a bunch of people I knew. At past debates I was put into a room with people that I had never seen before in my life. For over a week I had been fearing getting several people in a room that I knew would make me laugh when I got up to speak. Unfortunately we did end up in a room with one of these people. Thankfully neither Lindsay nor I cracked up in the middle of the speech.

In conclusion last Friday was a very successful day. We had a speaker place 6th and I would like to congratulate Kristina Wilson and Laura Goodyear on placing 11th as Stanstead's top placed team. I would like to thank everyone who attentively watched the three rounds and to all the speakers and time keepers. I would also like to congratulate all of the debaters who decided to try something new at the risk of seeming nerdy. Most of all I would like to thank Mr. Rioux on making this whole thing possible.
